APPOINTMENT OF PACIFIC PRODUCTION SERVICES, INC. AS AUTHORIZED AGENT AND REPRESENTATIVE

I certify that I am a representative of Soggy Bottom Enterprises (Principal) and am authorized to enter into binding contractual agreements on Principal's behalf provided Principal has pre-approved such agreements. I further certify that I am authorized by Principal to appoint other representatives and agents for Principal and to give such representatives and agents authority to enter into and bind Principal to agreements relating to the issuance and compliance with location film (e.g. theatrical, television, commercial, and other motion picture filming) and still photographic permits, including the permits themselves and any riders to such permits. Acting on the behalf of Principal in my capacity as its authorized representative, I appoint **Pacific Production Services, Inc.** and its employees and agents as Principal's authorized representatives and agents to apply for and receive location film (e.g. theatrical, television, commercial, and other motion picture filming) and still photographic permits on behalf of Principal through FilmLA for any city, county or other jurisdiction that FilmLA contracts with, in accordance with Principal's instructions, to negotiate, discuss, accept, modify, agree to bind the Principal to the terms and conditions of such permits (including any restrictions and/or community guidelines applicable to any such permit) and to execute such permits on behalf of Principal. Principal understands, acknowledges and agrees that it (and/or it's insurer) remains responsible and liable for any and all obligations imposed by or incidental to any permit or rider issued to Principal signed by an employee or agent of (including any coordinator, runner or messenger used by) **Pacific Production Services, Inc.** Principal further agrees to comply with the terms and conditions of any such permits and hereby appoints **Pacific Production Services, Inc.** as an authorized representative to facilitate compliance with such terms and conditions following issuance of such permits and to enter into agreements for Principal with respect thereto. Any person, city, agency, entity or organization (including FilmLA and any city, county or other jurisdiction that FilmLA contracts with) may rely on this appointment and not need obtain any further authorization for any act described herein. An original or electronic copy of this appointment shall be sufficient and may be treated as an original for all purposes. The appointment may be revoked by Principal at any time in writing delivered to FilmLA, but in any case shall expire one (1) year from the date of execution set forth below.

I declare under penalty of perjury under the laws of the State of California that I am authorized to appoint **Pacific Production Service, Inc.** as an agent for Principal and based on that authority I hereby appoint **Pacific Production Services, Inc.** as Principal's agent as set forth herein.

PROJECT/WORK ORDER NO.

FLOOD FACILITY NAME:
Los Angeles River

PROJECT DESCRIPTION:
To authorize temporary access into Los Angeles County Flood Control District's (District) right of way for filming on 11/14/2020 (1 day) 4PM to 6PM. The production company would also like to access on 11/13/2020 for film prep and strike on 11/16/220.
$3,003.00 is owed to the County by FilmLA.

PROJECT CONDITIONS:

1. Permittee must notify Stormwater Maintenance Division - Hansen Yard (West) at (818) 896-0594 at least 72 hours before taking action on this permit.
2. Permittee shall provide a minimum 48 hour advanced notice to all adjacent property owners or occupants within a 100 foot radius of the project site. The notice shall be written in the form of a letter, doorhanger, or flyer; and provide sufficient information regarding the project including the scope of work, schedule of work, working hours and a human contact to handle questions. Evidence of such notice must be produced upon demand by any District representative.
3. Permittee shall provide a schedule of activities, including duration, to avoid any potential conflicts with LACDPW maintenance activities in the area.
4. This permit shall not be exercised during inclement weather or when the 5-day forecast predicts rain. No activities will be allowed during storm events.
5. A copy of this permit shall be kept at the work site during all periods of operation within the district's right of way and shall be shown to any district representative or law enforcement officer upon demand. Description of filming location and parking information is required in the permit.
6. The District reserves the right to limit or stop any filming activities if deemed to impact safety at the facility or will impact flood control operations.
7. Permittee's event representatives shall coordinate with the District's personnel in case of an emergency to

secure site and implement dam safety activities in a timely manner.

8. Vehicular speeds within the District's right of way shall not exceed 15mph.
9. Access to channel invert is prohibited.
10. Equipment, materials, or fuel shall NOT be stored on LACFCD premises. A separate permit (Flood Access Permit) must be obtained (via EPICLA website) for crew and truck parking and base camping at the District's property.
11. Permittee must comply with all occupational safety agency directives while working around flowing water.
12. Permittee must not allow any materials or wash water to flow downstream while carrying out the work.
13. Upon completion of the work authorized under this permit, Permittee shall restore the area to the satisfaction of the District's representative. Permittee is responsible for closing the gates at the end of the day.
14. Permittee shall be responsible for picking up all trash and recyclables, and cleaning up any oil leaks from the vehicles before leaving the site.
15. Permittee shall be responsible for any third parties involved in the execution of the permitted activity.
16. The District/County assumes no responsibility for any claims, loss, damage or liability occurring by reason of Permittee's exercise of this permit.
17. During the period of operations conducted under the permit, Permittee shall maintain in effect an insurance policy (minimum limit of $2 million) naming the District/County as additional insured with respect to these operations. The District/County assumes no responsibility for any claims, loss, damage or liability occurring by reason of Permittee's exercise of this permit.

Performance of work activity under this permit is tantamount to agreeing to the following terms:

1. Permittee is hereby permitted to perform the scope of work described above at the location described above, subject to all applicable provisions of the Flood Control Channels Ordinance (Chapter 20.94 of Title 20, Los Angeles County Code), County of Los Angeles Highway Permit Ordinance (Division 1 of Title 16, Los Angeles County Code), and/or any Municipal Code or Ordinance governing the area where this work is to be done.
2. Permittee's activities in connection with this Permit shall also be subject to the provisions and conditions contained in this Permit and any attachments, which are incorporated herein.
3. INSPECTION REQUIRED - Contact the Permit Office indicated on the Permit at least one (1) working day before starting any work. Failure to do so may result in this permit being suspended or revoked.
4. Compliance with Section 8771 of the State of California Business and Professions Code for the preservation and/or perpetuation of existing land survey monuments.
5. Compliance with Chapter 12.80 Stormwater and Runoff Pollution Control of the Los Angeles County Code, and the Best Management Practices (BMPs) Attachment.
6. This permit must be made available for inspection at the work site upon request by a County or District representative, or law enforcement official.
7. This permit will expire if the work is not commenced within 180 days from the date of permit issuance.
8. Upon completion of work, contact the Permit Office indicated in this Permit no later than the next working day. Failure to do so may result in additional fees assessed.
9. This Permit is revocable by the District if the District determines that the public interest and welfare require such revocation and shall be deemed void if the Permittee is not in compliance with Section 3800 of the Labor Code.

LOS ANGELES COUNTY FLOOD CONTROL DISTRICT
STANDARD PERMIT PROVISIONS

1. This permit is valid only for the purpose specified herein. No change of purpose as outlined in application or drawings submitted with application is permitted except upon written permission of the Chief Engineer or his representative.

2. Activities and uses authorized under this permit are subject to any instructions of the Chief Engineer or his representative. **ALL INSTRUCTIONS MUST BE STRICTLY OBSERVED.**

3. Permittee shall be responsible for notifying their contractor and all subcontractors of the provisions of this permit.

4. Permittee (including its contractors and subcontractors) shall indemnify, defend (with counsel reasonably satisfactory to District and the County of Los Angeles), and hold harmless District and the County of Los Angeles, and their elected and appointed officers, employees and agents, from and against any and all claims, expenses (including court costs and reasonable attorney and expert witness fees) demands, liabilities, losses, or causes of action of whatsoever nature or character, for injury, illness or death or loss of, damage to or destruction of property which arises out of, or is in any way connected to, the activities of Permittee described in this Permit.

   This indemnification shall survive in its entirety the termination or revocation of this Permit, and shall remain in full force and effect in perpetuity, unless agreed to otherwise in writing by the District.

5. Permittee shall protect all District facilities where the proposed work comes in close proximity to the District facilities. Any damage caused to Flood Control structures by reason of exercise of this permit shall be repaired, at the permittee's sole expense, to the satisfaction of the District. Should the permittee neglect to promptly make repairs, the District may perform such work or have others perform the work, and the permittee agrees to reimburse the District for all costs of the work so performed upon receipt of a statement thereof.

6. Any structure or portions thereof or plantings placed on District rights of way or which affect District structures must be removed, revised, and/or relocated by permittee without cost to the District, or any other public agency the District shall so designate, should future activities or policy so require.

7. Unless authorized by this permit, permittee shall not prune, deface, destroy or remove any tree or landscaping growing or to grow upon the District right of way.

8. This permit is valid only to the extent of District jurisdiction. Acquisition of permits required by other affected agencies and consent of underlying fee owner(s) of District easement lands are the responsibility of the permittee. **NOTHING CONTAINED IN THIS PERMIT SHALL BE CONSTRUED AS A RELINQUISHMENT OF ANY RIGHTS NOW HELD BY THE DISTRICT.**

9. This permit is subject to all prior unexpired permits, agreements, easements, privileges, or other rights, whether recorded or unrecorded, in the area specified by this permit. Permittee shall make his own arrangements with holders of such prior rights.

10. Ingress and egress shall be at locations approved by the District's representative.

11. Permittee shall keep the District's right of way clear of obstructions for through access at all times and shall not interfere with the activities of the District's representative. Permittee shall be prepared to remove all material or equipment upon notice to accommodate District's operation and maintenance needs.

NOT A PERMIT

12. Permittee shall not use District's right of way for the temporary or permanent storage of excavated materials, rock, sand, cement, or other material, or any equipment, except as specifically noted.

13. Unless otherwise specified herein, this permit may be revoked or canceled at any time by the Chief Engineer or his representative when required for District purposes.

14. Upon written notice of cancellation or revocation of this permit for any cause whatsoever, permittee shall restore District right of way and structures to their condition prior to the issuance of the permit and then shall vacate District property. Should permittee neglect to restore the premises or structures to a condition satisfactory to the Chief Engineer or his representative, the District may perform such work or have others perform the work, and the permittee agrees to reimburse the District for all costs of the work so performed upon receipt of a statement thereof.

15. Permittee will be subject to fines from the California Regional Water Quality Control Board. the California Department of Fish and Wildlife, and the United States Coast Guard for any water pollution resulting from these activities.

16. In the event of a District employee work stoppage, the Chief Engineer or his representative reserves the right to suspend all activity authorized under this permit which requires inspection by the District. Activity authorized by the permit shall not resume until District approval to do so is given.

17. Unless otherwise specifically provided, all costs incurred by permittee as a result of the conditions of the permit or exercise by District of any right, authority, or reservation contained therein shall be the sole responsibility of and shall be borne entirely by the permittee.

Best Management Practices (BMPs)
Attachment

The Los Angeles County Department of Public Works (LACDPW) requires Permittees and their contractors to implement a program to effectively control water pollution during all Permit construction projects. This project shall conform with the requirements of the following County Code and Permits:

- Los Angeles, California County Code Chapter 12.80 Stormwater and Runoff Pollution Control
- Waste Discharge Requirements for Municipal Separate Storm Water System (MS4) and Discharges within the Coastal Watersheds of Los Angeles County, Except Those Discharges Originating from the City of Long Beach (Order No. R4-2012-0175 as amended by StateWater Board OrderWQ 2015-0075 and Los AngelesWater Board Order R4-2012-0175-A01, National Pollutant Discharge Elimination System [NPDES] No. CAS004001)
- NPDES General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Order No. 2009-0009-DWQ amended by 2010-0014-DWQ and 2012-0006-DWQ, NPDES No. CAS000002)

The Permittee or Authorized Representative and their contractors shall know and fully comply with the applicable provisions of these permits and Federal, State and local regulations that govern the Permittee or Authorized Representative's operations and the storm water discharges from the project site.
In order to ensure a minimum level of water quality control, the Permittee or Authorized Representative and their contractors shall effectively implement and maintain appropriate Best

- Management Practices (BMPs) shown in Table 1. In addition, the Permittee or Authorized Representative and their contractors shall comply with the following requirements:

- Sediments shall not be discharged to the storm drain system or receiving waters. Sediments generated on the construction site shall be retained.

- No construction-related materials: waste, spills, or residue shall be discharged from the project site to streets, drainage facilities, receiving waters, or adjacent property by wind or runoff.

- Non-storm water runoff from equipment, vehicle washing, or any other activity shall be contained within the project site using appropriate BMPs.

- Erosion from slopes and channels shall be prevented.

- Minimize grading during the wet season (October 15 through April 15). All erosion susceptible slopes shall be covered, planted, or protected in any way that prevents sediment discharge from the project site.

BMPs shall conform to the requirements in the LACDPW Construction Division's "Construction

Year-Round Implementation Requirements

The Permittee or Authorized Representative and their contractors shall have an effective program for implementing, inspecting, and maintaining water pollution control practices for wind erosion control, tracking control, non-storm water control, and waste management and materials pollution control.

Soil stabilization and sediment control practices shall be provided throughout the rainy season, defined as between October 15 and April 15, and whenever the National Weather Service predicts rain within 24 hours. The National Weather Service weather forecast shall be monitored and used by the Permittee on a daily basis.

The non-rainy season shall be defined as all days outside the defined rainy season. Disturbed soil areas within the project shall be protected in conformance with the requirements in the Construction Site BMP Manual with sediment controls implemented prior to a predicted rain event.

Maintenance and Inspection
The Permittee or Authorized Representative and their contractors shall be responsible throughout the duration of the project for installing, constructing, inspecting, maintaining, removing and disposing of the BMPs. Unless otherwise directed by LACDPW, the Permittee or Authorized Representative and their contractors are responsible for BMP implementation and maintenance throughout any temporary suspension of work. The Permittee or Authorized Representative shall reimburse LACDPW for the full costs of cleaning or repairing of storm drain, water course, or channel which may be necessary due to ineffective implementation of BMPs.

The project site shall be inspected by the Permittee or Authorized Representative or their contractors a minimum of once every week or at least once for projects that last only one week or less.

Report of Non-Permitted Discharge and Enforcement

If the Permittee or Authorized Representative or their contractors identify any non-permitted discharge into the storm drain system or receiving waters in a manner causing, or potentially causing, a condition of pollution, or if the project receives a written notice or order from any regulatory agency, the Permittee or Authorized Representative or their contractors shall immediately inform LACDPW Construction Division Permits Section by calling the assigned Field Office. The Permittee or Authorized Representative or their contractors shall submit a written report (see attached Notice of Non-Permitted Discharge) to the LACDPW within 5 days of the discharge event, notice or order.

The Permittee or Authorized Representative and their contractors are subject to enforcement action by Chapter 12.80 of the Los Angeles County Code that states,
corporation, municipality or district or any officer or agent of any firm, corporation, municipality or district violating any provision of this chapter shall be guilty of a misdemeanor. Such violation shall be punishable by a fine of not more than $1,000 or by imprisonment in the county jail for a period not to exceed six months, or by both fine and imprisonment. Each day during any portion of which such violation is committed, continued or permitted shall constitute a separate offense and shall be punishable as such (Ord. 98-0021§1(part), 1998).

In addition, the Permittee or Authorized Representative and their contractors are subject to enforcement action by the State Water Resources Control Board (SWRCB), Environmental Protection Agency, private citizens and citizen groups. The Permittee or Authorized

- Parking must be open and available for public use designated with proper signage by production.

NOT A PERMIT

- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- A 20 Foot unobstructed lane must be maintained between parked vehicles/trailers in all parking lots and Recreation and Parks roadways for emergency vehicle access.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking and or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permitee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permitee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permitee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.
